The new Forces Equine League has been launched & online training to follow!

Dear FE'ers & Supporters

With the support of our sponsors, the new FEBB League has been launched! The league comprises of categories that you can do from your home/yard and our awesome sponsors will be choosing the winners!

The league was the brainchild of Lt Cdr Becca Brown Royal Navy & Debi Heath French Founder of Forces Equine "We wanted to keep spirits high for our members, we are even extending this to the whole equine community, mental health and physical wellbeing being paramount at this time, so embracing what we love was the only positive option" said Debi Heath French, Founder of Forces Equine.

Classes will be released every week via Facebook and email, so keep your eyes peeled to what is being launched and how you can get involved.

The second competition we are launching will be our Dressage Online. You will be able to compete a dressage test and submit your results.

Let's get you all going and keeping you doing what you love within a community that you enjoy being a part of that is Forces Equine! #WeServeWeRide #WeSaltueYou!

Crew Manager Sally Walker will be hosting some training videos for different breeds and horses online for all FE members and our online friends, so make sure you stay tuned for this too ?

Elly Wishart will be doing exercise with Elly via our Facebook Page, so there will be plenty that you can get involved in!
